To CAI New England Chapter members,

With so much uncertainty in 2020 as a result of the pandemic, one thing continues to remain constant – the commitment of our members, volunteers and staff not only in keeping the CAI New England chapter an important and vital source of information during unprecedented times, but also in supporting their communities, clients and chapter members around New England as they navigate the ‘next’ normal after COVID-19.

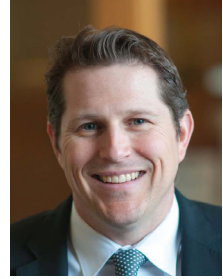

This year’s 2020-2021 resource directory is an invaluable reference guide for community association boards and professional managers. The hundreds of CAI-NE member listings include professional management companies and business partners dedicated to the condominium industry. This annual go-to guide continues to provide valuable resources and contacts for community association board members and professional managers.

In addition, the publication contains information about other CAI member benefits, an overview of professional credentials and designations and a listing of chapter volunteer leaders and professional staff. Visit the chapter website at [www.caine.org](http://www.caine.org) for a listing by state of the thousands of associations around New England, as well as the most updated information about chapter programs and upcoming events.

Sincerely,

**Edmund Allcock, Esq., CCAL**
